Members and guests are invited to attend an informative Business Leaders Breakfast with Robert Browning

“Building Income Diversity Through Strategic Expansion.”

Robert Browning is currently Managing Director and Chief Executive Officer of Austal Limited, a world leader in the design and construction of aluminium commercial and defence vessels.

Austal's commercial shipbuilding business is inherently unpredictable, creating volatility in earnings and associated shareholder value. The United States offers a new geographic market previously untapped by Austal. The presentation will discuss why Austal sought to enter a new market on the opposite side of the world, how it went about establishing itself in the U.S., and what has been accomplished to-date.

Mr. Browning has held a variety of leadership roles for over 32 years, with 16 years in the energy infrastructure industry and 16 years with Coca-Cola.

Prior to assuming the role of CEO of Austal Limited, Mr. Browning served as President and CEO of Austal USA from August 2007. He has also served on the Board of Directors of Austal Limited for 3½ years.

From 2001 to 2007, Mr. Browning was CEO of Alinta Limited, which grew in market capitalisation from AUD\$320M to over AUD\$7.4B and delivered a greater than 700% return on shareholder investment during Mr. Browning's tenure.
